CONDITIONS

1. The due observance and fulfillment of the terms of this Policy in so far as they relate to anything to be done or complied with by the Insured and the truth of the statements and answers in the questionnaire and proposal made by the Insured shall be a condition precedent to any liability of the Insurers.
2. The Schedule(s) shall be deemed to be incorporated in and form part of this Policy and the expression "this Policy" wherever used in this contract shall be read as including the Schedule(s). Any word or expression to which a specific meaning has been attached in any part of this Policy or of the Schedule(s) shall bear such meaning wherever it may appear.
3. The Insured shall at his own expense take all reasonable precautions and comply with all reasonable recommendations of the Insurers to prevent loss or damage and comply with statutory requirements and manufacturers' recommendations.
4. (i) Representatives of the Insurers shall at any reasonable time have the right to inspect and examine the risk and the Insured shall provide the representatives of the Insurers with all details and information necessary for the assessment of the risk.
(ii) The Insured shall immediately notify the Insurers by telegram and in writing of any material change in the risk and cause at his own expense such additional precautions to be taken as circumstances may require, and the scope of cover and/or premium shall, if necessary, be adjusted accordingly.
(iii) Dismantling and reassembling in connection with any examinations shall be carried out by the Insured on such date or dates as the Insurers and the Insured mutually agree upon for the making of such examinations.
No material alteration shall be made or admitted by the Insured whereby the risk is increased, unless the continuance of the cover provided under this Policy is confirmed in writing by the Insurers.
5. The Insured shall be obliged to keep complete records. All records, e.g. inventories, production and balance sheets, for the three preceding years shall be held in safe keeping or as a precaution against their being simultaneously destroyed, the Insured shall keep separate sets of such records.
6. In the event of any occurrence which might give rise or is likely to give rise to a claim under this Policy, the Insured shall
 - (i) immediately notify the Insurers by telephone or telegram and send them written confirmation thereof within forty-eight hours of the occurrence;
 - (ii) do and concur in doing and permit to be done all such things as may be reasonably practicable to minimize or establish the extent of any interruption of or interference, with the business or to avoid or diminish the loss resulting therefrom;
 - (iii) as far as may be reasonably practicable without causing any increase in the period of interruption or interference, take precautions to preserve any things which might prove necessary or useful by way of evidence in connection with any claim;
 - (iv) discontinue the use of any damaged machinery unless the Insurers authorize otherwise, and the Insurers shall not be liable in respect of any further interruption or interference arising out of the continued use of any damaged machinery without their having given their consent to such use until said machinery has been repaired to the satisfaction of the Insurers.
7. In the event of a claim being made under this Policy not later than thirty days after the expiry of the indemnity period or within such further times as the Insurers may allow in writing, the Insured shall at his own expense deliver to the Insurers a written statement setting forth particulars of his claim together with details of all other policies covering the accident or any part of it or consequential loss of any kind resulting therefrom, and the Insured shall at his own expense also produce and furnish to the Insurers such books of account and other business books, e.g. invoices, balance sheets and other documents, proofs, information, explanation and other evidence as may reasonably be required by the Insurers for the purpose of investigating or verifying the claim, together with - if required - a statutory declaration of the truth of the claim and of any matters connected therewith.

In the event of any occurrence in respect of which a claim is or may be made under this Policy the Insurers and every person authorized by the Insurers may, without thereby incurring any liability and without diminishing the right of the Insurers to rely upon any condition of this Policy, enter any building where the loss has happened and may take possession of or require that any of the machinery be rendered to them and may keep possession of and deal with such machinery for all reasonable purposes and in any reasonable manner. This condition shall be evidence of the leave and license of the Insured to the Insurers so to do. If the Insured or anyone acting on behalf does not comply with the requirements of the Insurers during any of the abovementioned acts, then all benefit under this Policy shall be forfeited.
10. The Insured shall at the expense of the Insurers do and concur in doing and permit to be done all such acts and things as may be necessary or required by the Insurers in the interest of any right or remedies or of obtaining relief or indemnity from parties (other than those insured under this Policy) to which the Insurers are or would become entitled or which would be subrogated to them on paying for or making good any loss or damage under this Policy, whether such acts and things are or become necessary or required before or after the Insured's indemnification by the Insurers.
11. The umpire shall sit with the arbitrators and preside at their meetings. The making of an award shall be a condition precedent to any right of action against the Insurers.
12. (i) If any claim made is fraudulent or substantially exaggerated, or if any false declaration or statement is made in support thereof, then this Policy shall be void and the Insurers shall not be liable to make any payment hereunder.
(ii) In the event of the Insurers disclaiming liability in respect of any claim and if an action or suit is not commenced within three months after such disclaimer or (in case of arbitration taking place in pursuance of condition 11 of this Policy) within three months after the arbitrators or umpire have made their award, all benefit under this Policy in respect of such claim shall be forfeited.
13. If at the time any claim arises under this Policy there is any other insurance covering the same loss or damage, the Insurers shall not be liable to pay or contribute more than their ratable proportion of any claim for such loss or damage.
The Insurers shall not be liable to pay for or contribute to any loss which but for the existence of this Policy is or would be insured by any Loss of Profits policy covering Marine risks or Fire and or Explosion risks.
14. The indemnity shall fall due two weeks after its final determination. If after the expiry of one month since the beginning of an interruption of or interference with the business and after the expiry of each further month it is possible to determine the minimum amount which the Insurers are liable to pay for the elapsed period of interruption, the Insured shall be entitled to demand that such amount be paid to him as an installment of the total indemnity.
The Insurers shall be entitled to postpone payment
 - (i) if there is any doubt as to the Insured's right to receive payment, until the necessary proof is furnished;
 - (ii) if, as a result of any physical loss or damage or any interruption of or interference with the business, police or penal investigations have been initiated against the Insured, until the completion of such investigations.
 The Insurers shall not be liable to pay interest other than interest for default.

 - (iv) the retention of standby or spare machinery or any other loss minimizing factors in existence when the insurance was effected be reduced or discontinued, or such standby or spare machinery be not maintained in an efficient working condition and available for immediate use, then this Policy shall be avoided unless its continuance is admitted by a special written statement signed by or on behalf of the Insurers.
 This Policy may be terminated at the request of the Insured at any time, in which case the Insurers shall retain the customary short-period rate for the time this Policy has been in force. This Policy may equally be terminated at the option of the Insurers by seven days' notice to that effect being given to the Insured, in which case the Insurers shall be liable to repay on demand a ratable proportion of the premium for the unexpired term from the date of cancellation less any reasonable inspection charges the Insurers may have incurred.

BASIS OF INSURANCE

The cover provided under this Policy shall be limited to loss of gross profit due to reduction in turnover and increase in cost of working and the amount payable as indemnity hereunder shall be

- in respect of reduction in turnover: the sum produced by applying the rate of gross profit to the amount by which the turnover during the indemnity period, in consequence of the accident, falls short of the standard turnover
 - in respect of increase in cost of working: the additional expenditure necessarily and reasonably incurred for the sole purpose of avoiding or diminishing the reduction in turnover which but for that expenditure would have taken place during the indemnity period in consequence of the accident, but not exceeding the sum produced by applying the rate of gross profit to the amount of the reduction thereby avoided,
- less any sum saved during the indemnity period in respect of such of the charges and expenses of the business payable out of the gross profit as may cease or be reduced in consequence of the accident,
 provided that if the sum insured hereunder is less than the sum produced by applying the rate of gross profit to the annual turnover, the amount payable is proportionately reduced.

Definitions

Gross Profit	The amount by which the sum of the value of the turnover and the value of the closing stock exceed the sum of the value of the opening stock and the amount of the specified working expenses. The values of the opening and closing stocks shall be arrived at in accordance with the Insured's normal accountancy methods, due provision being made for depreciation.
Specified Working Expenses	The variable expenses of the business which are not insured by this Policy: 1. turnover and purchases taxes 2. purchases (less discounts received) 3. carriage, packing and freight
Turnover	The money (less discounts allowed) paid or payable to the Insured for goods sold and delivered and for services rendered in the course of the business at the premises.
Indemnity Period and Time Excess	The period not exceeding the indemnity period limit stated in the list of machinery and plant insured commencing with the occurrence of the accident during which the results of the business are affected in consequence of such accident, provided always that the Insurers are not liable for the amount of loss arising during the time excess, such time excess to commence as from the beginning of the interruption of or interference with the business resulting in a claim under this Policy.

Rate of Gross Profit	The rate of gross profit earned on the turnover during the financial year immediately before the date of the accident		to which such adjustments are made as may be necessary to provide for the trend of the business and for variations in or special circumstances affecting the business either before or after the accident or which would have affected the business had the accident not occurred, so that the figures thus adjusted represent as nearly as may be reasonably practicable the results immediately before the date of the accident would have been obtained during the relative period after the accident.
Standard Turnover	The turnover during that period in the twelve months the accident which corresponds to the indemnity period		

Annual Turnover	The turnover which the Insured would have been able to obtain but for the accident during the twelve months immediately before either the date when the indemnity period ends, whichever occurs first.
Accident	Unforeseen and sudden physical loss or damage occurring to the insured machinery and necessitating its immediate repair or replacement due to causes such as defects in casting and material, faulty design, faults at workshop or in erection, bad workmanship, lack of skill, carelessness, malice, shortage of water in boilers, physical explosion, tearing apart on account of centrifugal force, short circuit, storm, or any other cause not specifically excluded hereinafter whilst such machinery is - working or at rest, - being dismantled, moved or re-erected for the purpose of cleaning, inspection, repair or installation at another location within the premises, provided such machinery has successfully completed its performance acceptance tests.

PROVISIONS

Memo 1 - Benefits from other Premises	If during the indemnity period goods are sold or services are rendered elsewhere than at the premises for the benefit of the business either by the Insured or by others acting on his behalf, the money paid or payable in respect of such sales or services shall be taken into account in arriving at the turnover during the indemnity period.
Memo 2 - Return of Premium	If the Insured declares at the latest six months after the expiry of any policy year that the gross profit earned during the accounting period of twelve months most nearly concurrent with any period of insurance, as certified by the Insured's auditors, was less than the sum insured thereon, a pro rata return of premium not exceeding one third of the premium paid on such sum insured for such period of insurance shall be made in respect of the difference. If any accident has occurred giving rise to a claim under this Policy, such return shall be made in respect only of so much of said difference as is not due to such accident.
Memo 3 - Relative Importance	The term "relative importance" referred to in the list of machinery and plant insured shall be the percentage effect which a breakdown of a particular machine will have on the total gross profit, disregarding any loss minimizing measures. If in the event of an accident affecting an insured item of machinery the percentage of relative importance stated in the list of machinery and plant insured for this item is lower than the actual percentage of relative importance subsequently arrived at for the period of interruption, the Insurers shall only be liable to indemnify the proportion which the percentage of relative importance stated in the list of machinery and plant insured bears to the actual percentage.
Memo 4 - Overhauls	In calculating the loss, due allowance shall be made for the time spent on any overhauls, inspections or modifications carried out during any period of interruption.
Memo 5 - Benefits after recommissioning	If during a period of six months immediately following the recommissioning of insured machinery after an accident, the Insured derives benefits from deferred sales or from increased production and/ or profits as a consequence of an interruption, such benefits shall be taken into account in determining the indemnity payable under this Policy.
Memo 6 - Reinstatement of Sum Insured	For the period following the occurrence of an accident up to the end of the policy period the sum insured shall be reinstated by payment of an additional premium on a pro rata basis, such premium to be calculated from the part of the sum insured which corresponds to the indemnity paid; the agreed sum insured shall remain unaltered.
Memo 7 - Material Damage Cover for Machinery Insured	The machinery described in the list of machinery and plant insured shall be covered against machinery breakdown during the currency of this Policy.
