THE PRICE FOR EACH VEHICLE QUOTED ABOVE ("QUOTED PRICE") IS NOT A RECOMMENDATION NOR ADVICE BY Malaysian motor Insurance Pool OR IT'S AGENT ON HOW MUCH YOUR VEHICLE SHOULD BE INSURED FOR. The Quoted Price is an estimate of the prevailing price based on the average asking price for vehicles of the same make, model and year of manufacture as advertised in the "vehicles for sale" column under the Classified Section of two major daily newspapers taken from a day in a week over three weeks before the date of this Guide. The Quoted Price merely serves as a guide to assist in your decision on ascertaining the appropriate value your vehicle should be insured for under your motor insurance policy. Malaysian motor Insurance Pool shall not be held responsible nor liable for any shortfall or other losses of whatsoever nature which you may suffer or incur as a result of your reliance on the Quoted Price in insuring your vehicle, including without limitation to any unsuccessful claims against your motor vehicle insurance due to the operation of average, excess or under-insurance applied on the policy for the same.
